Frog's Leap Winery

8815 Conn Creek Road
Rutherford, CA 94573
707-963-4704 - Frogsleap.com

FROG'S LEAP

Frog's Leap was founded by the Williams Family in 1981. The way we make our wine at Frog's Leap is fundamentally linked to the way we grow our grapes. We believe that a grapevine should be grown in healthy soil that supports all the nutrient needs of the plant and so we started farming organically over 20 years ago. We also believe that most of the great and historic wines of the world have been made from non-irrigated grapevines which is why we dry-farm all 250 acres of our vineyards. We accept the premise that the first responsibility of a wine is to reflect its unique soil, climate and circumstance —collectively referred to as terroir — and therefore it is the duty of the winemaker to be transparent and let the natural beauty of the grapes show through. Our commitment is to endeavor to make wines of elegance and beauty that will offer immense pleasure in the short term while holding out the possibility of great reward with proper aging.

GEMS Benefit: *Frog's Leap welcomes GEMS members to enjoy our Signature Seated Tasting, Monday through Thursday by prior appointment. We will happily offer 1 tasting with our compliments for each tasting purchased, for parties up to 4 guests. Each and every day, GEMS members will also receive a 10% discount on any wine purchase, without minimums or limits, both in person at the winery or in our online shop.*
